

INHEALTH Radiologist Job Posting

The regional leader in Diagnostic and Medical Imaging

Diagnostic Radiologist (MD/DO) Position – Pacific Northwest

InHealth Imaging was founded in 1998 by Dr. Manfred Henne and has enjoyed continued patient and practice growth by providing excellent diagnostic and screening imaging and pain management services in the Poulsbo, Bremerton and Port Orchard areas of the beautiful Pacific Northwest.

We are looking for a Fellowship trained breast imager who is a board certified general radiologist. In particular, we are looking for someone who wants to work in an ACR-accredited, private practice where we do comprehensive radiology and interventional procedures and which allows you to be in charge of your own future. We are flexible regarding work schedules and there is no evening or weekend call. The ideal candidate will work with one radiologist owner who is motivated to accommodate the candidate's time off and volume of readings. We are specifically looking for someone to carry forward the legacy of InHealth Imaging as a patient-focused, caring entity.

InHealth imaging has a patient-centered focus and as healthcare delivery becomes less and less personable, this is an opportunity to join a progressive organization which has never lost sight of the mission of meeting the medical needs of each patient.

About Us: InHealth Imaging is a physician owned and lead radiology practice which services the people of the greater Seattle regions of the West Sound and the Olympic Peninsula. InHealth Imaging was the first center in the state of Washington to offer Breast Tomosynthesis and is the only facility on the West Sound with a 3T MRI.

List of Services offered at InHealth Imaging: 3T MRI (Siemens Magnetom Verio), CT (Siemens Somatom Definition AS 64-slice), 3D Mammography (Siemens Mammomat Revelation and two Hologic Selenia Dimensions), Ultrasound (Siemens AS 2000), Nuclear Medicine (Siemens E-Soft), DXA (GE Lunar Prodigy, Digital X-ray (Siemens Multix Fusion and DR Medlink, Fluoroscopy-C-arm (Siemens Arcadis).

Minimum Requirements:

- ▶ Fellowship trained in Breast Imaging and Board certified as General Diagnostic Radiologist
- ▶ Hold an active, unrestricted Washington State MD/DO license
- ▶ Trained and comfortable in reading all imaging modalities and performing outpatient interventional procedures.

Ideal Candidates Have:

- ▶ A commitment to patient focused care
- ▶ Prior experience with breast tomosynthesis, 3T MRI, CT, and pain injections

You Will Love This Job If:

- ▶ You love the opportunity to work for a small, team-oriented organization lead by an independent physician
- ▶ You are interested in carrying forward the legacy of patient focused care that is InHealth Imaging's hallmark
- ▶ You are looking for a position that will accommodate a flexible work schedule
- ▶ You have always wanted to live in the beautiful Pacific Northwest

INHEALTH Radiologist Job Posting

The regional leader in Diagnostic and Medical Imaging

What's In It For You?

- ▶ Competitive financial compensation
- ▶ Work life balance which includes a flexible schedule (we are willing to accommodate part-time to full-time) with no weekends, holidays or call and generous vacation, as mutually agreed.
- ▶ 100% Out-Patient Practice
- ▶ An opportunity to grow in a progressive radiology practice.

We are an equal opportunity employer and value diversity at InHealth Imaging. We do not discriminate based on race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status.
